Councilmember Henley:

I heard about this possibility last week. I told staff that if VBDA intends to move in this direction that we need to pen a report to notify City Council, so that they aware. I will get Amanda Jarratt to coordinate getting the right person to your forum accordingly. Her or Pam Matthias will be in touch soon.

Thanks,

I understand that the Development Authority has engaged a firm to develop an expansion plan for the Innovation Park. The folks who attend the District 2 Forums are very much interested in the Innovation Park future and I committed at the last forum that we would have someone from Economic Development/The Development Authority at the next forum, April 24 at 5:15 p.m., to explain their position and plans.

Could you please help me arrange for that presentation?
